## MEMBERSHIP DRIVE FOR C. OF C. IS UNDER WAY

### Committees Given Talk Upon Salesmanship and Start Out With Enthusiasm

Instructions in salesmanship were given members of the four committees named for the one-week membership drive for the Glendale Chamber of Commerce, at a dinner and business meeting held last night at the White Inn, East Broadway and Glendale avenue.

E. F. Sanders, assistant secretary of the Chamber of Commerce, who established the remarkable record in membership selling that made the organization rally possible last Tuesday night, told the committeemen how to "knock 'em over" and, the way he told it, it's just a matter of "thoroughly believing in the Chamber of Commerce yourself and then going out and selling the idea to others."

C. C. Cooper, president of the Chamber of Commerce, offers a $25 year term deposit in the new First Savings bank to the member who brings in the most applications by October 1. This incentive should prove attractive to the individuals comprising the four teams. However, the offer is open to everyone not an employee of the Chamber or the bank.

**Gives Instructive Talk**

James Rhoades, secretary of the Chamber of Commerce, entertained secretaries of various civic organizations of the San Fernando valley last night and they were his guests at the dinner served to the membership committee. Following the dinner, Secretary Rhoades and his guests left and then Assistant Secretary Sanders took charge and delivered his instructive talk on salesmanship.

"First you must believe thoroughly in what you are selling," said Mr. Sanders. "Then get the attention of your prospect. That gained, secure his interest and from that obtain his desire to purchase. Then close the deal."

He related a number of his experiences while selling memberships the past two weeks and gave many hints to the committeemen. He will devote all of his time the next week to the drive and will be in constant conferences with the committee chairman and others interested in increasing the membership of the Chamber of Commrc to 1000.

## Secretary Rhoades of Chamber of Commerce Host to Secretaries

Commercial secretaries of the San Fernando Valley met in Glendale last night and after dinner with the Chamber of Commerce membership committees at the White Inn, they retired to the home of James M. Roades, local secretary, and discussed problems facing their various organizations. Especial attention was given to the matter of advertising the potentialities of San Fernando valley as a whole.

In discussing the valley fair and market to be held at San Fernando September 19 to 24, it was decided that all of the Chambers would have uniform booths. Entertainment features also were planned, although it was the consensus of opinion that the fair association should be responsible for the programs rather than the individual cities on their days at the fair.

Those attending the meeting here last night were Mr. and Mrs. Cecil Wilcox of Lankershim, Mr. and Mrs. E. U. McClary of Van Nuys, W. S. Connor of San Fernando and Hugh Pomeroy of Burbank. All were surprised at the activity of the local Chamber which is the best organized in the valley and boasts of an office force second to none in the country.

Mrs. Dotson had not seen her sister for six years and enjoyed reunions with many old friends she had not seen for a much longer space of time. "I had a wonderful trip and my main object was to see if I could ever go back there to live again, but I soon found out that I have become a native of California. It is the only place to live. Business conditions in the east are bad and we should 'congratulate ourselves on being here."

## COUPLE CELEBRATE GOLDEN WEDDING ANNIVERSARY

### O. L. Tapineau Gives Recipe for Happiness and Long Life With Loved One

Mr. and Mrs. O. L. Tapineau, father and mother of O. L. Tapineau of 359 Ivy street, Glendale, celebrated their golden wedding anniversary Tuesday with a high mass at St. Basil's church, Los Angeles, in the morning and a wedding dinner in the evening at the home of their daughter, Mrs. L. Dolen of 855 South Ardmore avenue, Los Angeles.

At the high mass, which was celebrated by the Rev. William Hughes. Mr. and Mrs. Tapineau renewed their marriage vows in the presence of thirty-five relatives. Four daughters and their husbands and two sons and their wives, and ten grandchildren witnessed the ceremony. Mrs. Tapineau wore a Spanish lace shawl which has been in the family for several generations and which is always handed down from the mother to the eldest daughter.

The "Mass of the Angels" was rendered by Edward T. Whalen, assisted by Mrs. Andrew Kellar, Mrs. O. L. Tapineau, Jr., and Mrs. George Duffet, all of Glendale.

**Makes Love in French**

Mr. and Mrs. Tapineau are French Canadians. They were both born at St. Urbien, Canada, and Mrs. Tapineau speaks only French. Mr. Tapineau, who is a retired merchant, says:

"I use English for commercial purposes, but I have always made love in French. It is a very good language for that and in our part of the country we know many couples who have been married as long as we have. There we do not think it such a unique and peculiar thing for two people to love each other all their lives. My wife and I went to school together.

"Then I went to New York and stayed away fifteen years. All of that time I was thinking of a pretty black-eyed girl in our native village. When I went back she was prettier than ever. Our courtship before marriage was not very long nor in any way different from a million other love affairs, but our courting days after marriage have been many, and we have now grown to be such comrades that we neither enjoy anything if the other is not there.

**Rests Upon Religion**

"We both believe that the fidelity of the home should rest on the foundation stone of religion. We have had nine children, seven of whom are living and we know that they are the ties that bind the hearts of husbands and wives together.

"We have worked and saved together, but have enjoyed life as we went along and were never niggardly or penurious. My wife never nagged at anything. That is my best recipe for a long and prosperous life."

## HURT IN BIKE ACCIDENT

While riding along on his bicycle on a local street John Chudley of 907 East Lomita avenue was subjected to a peculiar accident when a small pair of pliers fell between the spokes of the front wheel, suddenly bringing the bicycle to a stop and hurling Mr. Chudley over the handlebars. In the fall which totaled about six feet, Mr. Chudley suffered several lacerations and abrasions that caused him to be placed under a doctor's care for three days. He is up and around again, however, and declared that he is "none the worse for the wear."

## CAMPING TRIP ENJOYED

Mr. and Mrs. A. H. Fuelscher and daughters, Annie and Alice, of 118 North Orange street, accompanied by Mr. and Mrs. G. Owen of Pasadena and Mr. and Mrs. Frank Obenhouse of Los Angeles motored up to Chatsworth dam over Labor day and camped out. Their time was devoted to fishing and hunting and each got the limit of rabbit, doves and fish. They state that they met many Glendale people camping there and that it is a delightful place to stay.

## GLEN PORTER HAS MOVED

Glen Porter, who has successfully conducted a furniture store here for several years, is now located in his own building at 124 West Broadway, where he has a store room fronting on both Broadway and Orange street. It gives him double the floor space for the display of both new and second hand furniture. His many patrons and friends will be glad to compliment him on the new and comfortable establishment he has built for himself.

## ENTERTAIN SUNDAY GUESTS

Mr. and Mrs. R. C. Goudie, Sr., of 419 West Colorado boulevard, had as their Sunday guests Mr. and Mrs. Jack Goudie of Los Angeles and John Crawford Goss of Long Beach.

WASHINGTON, Sept. 8.—The government today awaited a business call from its biggest prospective customer of war salvage. Henry Ford was due here late today to confer with Secretary of War Weeks on Ford's bid for the purchase of the Muscle Shoals, Alabama, nitrate plant. No single individual in the history of the country has made the government a higher bid for something it has to sell than the Detroit automobile manufacturer, it is believed here. You are aware that a conference on such a basis is impossible."

**COTTON MARKET RALLIES AFTER BREAK AT OPENING**

NEW YORK, Sept. 8.—The cotton market rallied in the first hour's trading today following a bad break at the opening. Trade buying and re-buying of sold-out longs enabled October to recover 75 points by the end of the first hour while December was up 63 from the opening at $19.03. Considerable volume of stop-loss orders, along with weakness at New Orleans and reaction at Liverpool caused the early break which sent prices tumbling from 90 to 150 points in the general selling. The stock market after opening irregular today developed a marked upward movement throughout the list. Baldwin was the feature of the early trading. The first sale was at 81, up 3/8, after which it jumped to 83, a new high on the move. Other equipments followed and American Locomotive made an early high at 89. Oils continued to hold and Mexican Petroleum after reacting 3/4 on first sale at 114, ran up above 115. Pan-American held around 50. The specialties and rails held up well. While several stocks were rushed up to new highs during the first hour the list in general was somewhat heavy. Crucible, after getting above 60, reacted a point and Studebaker showed a similar reaction at 74. Around noon the reaction became pronounced. Mexican Petroleum was off three points from Wednesday's high at 112½. Steel stocks, however, held up well, particularly Crucible.

## PEOPLE IN FAVOR WEST BROADWAY IMPROVEMENT

### Councilman Davis' Effort In Behalf of Improvement Results In Success

Improvement of West Broadway, from Pacific avenue to the San Fernando Road, was unanimously decided upon last night at a large and enthusiastic meeting of property owners, held in the home of Mr. and Mrs. George Peters, 657 West Broadway.

With about thirty interested people present, it was decided to at once take steps to sidewalk, curb and pave and as a start to the proceedings signatures were attached to quit claim deeds so that a sixty-foot right-of-way might be obtained. The improved street will be forty feet from curb to curb, a continuation of the thoroughfare from Pacific without a jog.

It was largely through the efforts of Councilman S. A. Davis that the meeting was held and the improvement put under way with so much enthusiasm and with no protests.

**City Officials Present**

Councilman Davis has been working on the project for a long time with the result that the meeting last night was called. He attended, accompanied by City Manager William Reeves and City Engineer Hill. The situation was thoroughly discussed and the ideas of the property owners expressed.

Councilman Davis agreed that the improvement would be put through with no "strings" attached to it. The people in the territory, he said, could select the improvement desired without having to depend upon action in some other portion of the city.

The property owners were unanimous for dedication of a right-of-way settling the long dispute over the correct lines of the street and practically all present last night signed the quit claim deed so that the work may be ordered at once.

**Rounding of Corners**

The improvement calls for the rounding off of the corners of the street at the entrance to the San Fernando Road.

Councilman Davis and City Manager Reeves express themselves as being highly pleased at the unanimous sentiment shown by the West Broadway residents for the improvement of the lower end of the street and, it is predicted, work will be under way just as soon as the necessary legal steps can be taken.

## FILES FEDERAL COMPLAINT

PORTLAND, Ore., Sept. 8.—Federal court jurisdiction over the case of Mrs. Alma Louise Wurtzeberger, self-confessed slayer of her husband, was established here today by Assistant United States Attorney Veatch, who has filed a federal complaint against the murderess. The killing occurred on the ground of the Chemawa Indian school, the property of the federal government. Mrs. Wurtzeberger will probably be brought to Portland today for trial which will follow the federal grand jury investigation the latter part of the month.

Under the jurisdiction of the federal courts, should Mrs. Wurtzeberger be found guilty of first degree murder as charged, there is no alternative between the death penalty and life imprisonment, as in the case of state courts. The federal courts demand the supreme penalty, according to Attorney Veatch.

Yellowstone national park provides a hay ranch solely to feed the park buffalos when winter snows cover the pastures. The park herd has grown so rapidly that this ranch provides insufficient food. For the benefit of the assistant secretary of the interior a buffalo run was staged recently in which more than 500 animals were driven down from hill and plateau and out across the plains.

More pounds of potatoes are produced, the world over than of any other food crop.

## Lunch Counter Will Be Installed to Aid Fund for Clubhouse

Mrs. A. H. Montgomery, the Glendale chairman of the culinary department of the San Fernando valley fair, which will be held the week of Sept. 19-24, backed by Mrs. A. M. Williams, chairman of ways and means committee of the Tuesday Afternoon club, is planning a benefit for the clubhouse fund and urges the co-operation of all Glendale women.

Her plan is to install a lunch counter at the fair, to be run by volunteer workers and furnished with the foodstuffs sent by Glendale women to the culinary contests at the fair. The success of the lunch counter will depend largely on the number of Glendale women who undertake to compete for prizes at the fair. The articles will be fresh cooked each day and when the work of Glendale cooks has once been sampled the patronage of the booth will be assured.

Mrs. Montgomery, therefore, urges all Glendale women who are proud of their ability as cooks to make the effort to compete for the prizes offered by the fair cmmittee. She is issuing, also, a call for volunteer workers to help her in running the lunch counter. The plan is heartily endorsed by the Tuesday Afternoon club and deserves the backing of all Glendale women.

## Baptism of Infants at Methodist Church on Sunday Morning

Of interest to all the Methodists in Glendale is the announcement of the thirty-fourth annual convention of the Woman's Home Missionary society of the southern California conference. This will be held the days of September 14, 15 and 16 at the Asbury Methodist church, 138 North Workman avenue, Los Angeles.

The first part of the Sunday morning services at the First Methodist church will be devoted to the baptism of infants and adults and the receiving into the church by letter or by profession of faith of a number of newcomers and converts. Rev. C. M. Crist, the pastor, has prepared no list but states that he expects a large number to be received into the church on that day.

## John W. Oftelie Funeral on Friday

## Berlin Has Strike on Over Biggest Picture

By CARL D. GROAT
United Press Staff Correspondent

BERLIN—While American unemployed are objecting to the new plan of making American films in Germany, Teutons are kicking at the low wages paid them for their "acting" in these films. Their protests led to a strike.

The gigantic film, "Pharoah's Wife," was to be taken outside the city—in the Maerkische Schweiz. Five thousand workless were taken on barges to the show ground, where the hosts of Pharoah were to do battle. En route, the unemployed had been doctored with artificial sunburn and had been equipped with uniforms.

The "stage" was set for the battle. Many guests, including a corps of foreign correspondents, were present to see this—one of the greatest picture-making stunts yet undertaken in Germany. Then came the squeeze play against the direction—and the strike.

Suddenly the workless set up a cry—the Internationale—and demanded more money. One of their number, a Communist, harangued the warriors. They were being oppressed by the capitalists; the 60 marks offered them was insufficient for the day's "battling" in the sands of the Berlin suburban "Switzerland."

The film director, perspiring, mad, arose and offered the mob 75 marks (almost a dollar at the present exchange), but the Communist speaker allowed that wasn't enough. Finally the director, evidently thinking of his outlays for staging the spectacle, wilted and offered 100 marks, which the warriors accepted.

The American companies are saving three to four dollars per head by buying German labor, even at the high rate of 100 marks a day.

The natives in the vicinity cultivate the lake bed of Lake Cirtnitz, in mideastern Europe during the summer, the waters having departed through great fissures in the bed of the lake. In autumn the waters return rapidly, throwing up cascades of foam as if from blowholes. The lake is probably fed in winter by water coming to it underground from a body of water higher in the mountains.

Pumpkins and squashes are of American origin. Watermelons, muskmelons and cucumbers are of Asiatic origin.

# R. M. M'GEE ALIVE, VERY MUCH SO, FRIENDS SEE

### Dame Rumor on 'Wrong Foot' Again With Report of Merchant's Demise

Robert M. McGee, pioneer dry goods merchant of Glendale at 614 East Broadway is having the pleasure today of denying that he is dead.

Somehow, Dame Rumor had it yesterday that Mr. McGee was dying and by this morning there were several people so sure he was dead that they visited the store to console the "Widow McGee."

Right then and there is where they stopped short, held their breath and looked and listened to Mr. McGee, muchly alive, planning the greatest sale in the history of his store.

In today's columns of The Glendale Evening News he announces the "Banner Sale" of fall and winter goods at prices which should be attractive to all who call.

And if he's dead or dying, he don't know it—and Dame Rumor started the day on the wrong foot again.

## Mrs. Martha Gibson Is Given Surprise Upon Her Birthday

However, a jolly bunch helped prepare a delicious luncheon which was consumed in regular school girl fashion.

After the table was cleared various games weer enjoyed. The first prize for a guessing game was won by Mrs. P. L. Ferry and the consolation by Mrs. J. Chappius. The whist game high score was won by Mrs. Fred Huesman and the consolation was awarded Mrs. Harry Smith. Readings and music helped make it a very complete party.

Those who helped celebrate Mrs. Gibson's birthday were Mrs. Jack Lundregan, Mrs. Harry Smith. Mrs Fred Huesman, Mrs. Mary O'Brien, Mrs. Pierce, Mrs. Charles Rudel, Mrs J. Chappius, Mrs. Peter Ferry, Mrs. Jack Houle and the honoree, Mrs. Martha Gibson. The guests presented Mrs. Gibson with a beautiful silk blouse as a gift on her birthday.

The prize which is awarded the room that succeeds in getting the most mothers to each meeting was voted on and it was unanimously agreed that it will undoubtedly cause more competition than any they have offered yet. However, it will be "kept dark" until the first meeting.

## Louise Dresser Is Giving Glendale Big Boost In Her Act

Louise Dresser, who is appearing with Jack Gardner at the Orpheum in Los Angeles this week, undoubtedly is the greatest personal advertisement of whom Glendale can boast. In the first place she adores her mother and bought a beautiful home here for her. It is at 1225 Mountain street. And if she didn't like Glendale she wouldn't have that home in the foothills.

However, Miss Gardner, perforce years of trouping must travel throughout the land on the Orpheum and other large circuits entertaining the populace of less favored climes.

And everywhere she goes Miss Dresser makes Mr. Gardner (who is her husband) stop his singing for a moment while she tells about their home in Glendale.

This week they are appearing at the Orpheum in Los Angeles and everyone attending is invited to visit this city and see where the Gardners live. But Louise very adroitly avoids giving her address so that the "guests" will see most of Glendale before finding the happy home on the hillside.

While in San Francisco a week ago, Miss Dresser gave out interviews that were worth hundreds of dollars to this city. That's the kind of boosters to have here.

## Mrs. George Cheney to Be Guest Here

# STRIVIN' REPORTER, INSPIRED, WRITES TO 'DEAR KATIE'

## Sees Moon and Promptly Gets Into Mood to Tell About Lures of Southland

GLENDALE, Sept. 7, 1921.

Dear Katie: Seein as how Monday was Labor Day, I didn't have to write no artikles for this here paper and while I didn't go nowheres for the day, I had a nice time by just stayin to home and gettin rested up after getting all tuckered out at the big show last week.

Well, Katie, Monday evenin after I had ate my supper, I was settin out on our back porch and watchin the sun go down in a blaze of glory in the western sky and someway I begun to feel kinda sad and sentimental.

You know as how I been out here in California just about a year now and when I got to thinkin about the old home back there in Wisconsin, it just made me feel kinda sad to think what a chump I was, to ever of lived there as long as I did in the first place. Back there in Wisconsin, in your City of Discontent and amidst a lot of would-bes, has beens and never wuzzers, all you can enjoy is bad health, in a climate that's more fickle than love. And back there you can't raise nothin in your garden except a disturbance, cause your soil ain't no good till it's well fertilized and worse afterwards.

**Hard Winter Is Coming**

And back there all the sunsets you ever see is when the sun drops down behind the old saw mill, down by the river. And now that Labor Day has come and gone, I suppose you'll be puttin' the old lawn mower away and begin to fix things up generally for another hard, cold winter, which the same is apt to hit you in them artic regions most any time.

But how different it all is out here in our sunny land, Katie. Glendale, the fastest growin' city in America, and twice as beautiful, is beginnin to spread itself all over the landscape and it's gettin new fame every day just as easy as you get the measles and hoopin cough back there in Wisconsin.

And, so I set there that evenin, Katie, abandoned to myself alone, watchin the sun go down and with nothing to think about, except think about nothin.

The air was soothin and balmy, and the sunlight and shadows which was chasin each other hither and thither around the green foothills was awful pretty to look at.

The charm of a California sunset, Katie, is inspirin and wonderful. It is the food of starvin poets, strugglin artists and strivin reporters. And then all to once while I was settin there the wonderous shadows of twilight dropped everywhere and right away it got as dark as the prospect for peace in Russia.

Then the crickets started to commence to sing, or chirp or buzz, or whatever it is and then the new moon come out and shined down onto the beautiful and peaceful valley and the stars come popin out like a display of fireworks.

**Gosh! Ain't It Great!**

Ain't nature wonderful, Katie? So there I set in the moonlight and thinkin how nice it is to live in this wonderful land and where people don't have no coal bills to pay, no doctor bills, no nothin. And out here we don't have to buy mittens and overshoes and snow shovels and coal hods and ear muffs and woolen thingumbobs. And out here we don't have to bother our heads about where we are going to spend the winter. Such is life in the far west, Katie.

And while I was settin there that evening gazin at the beauty of our garden in the moonlight, I says to myself as how there is a awful difference between this state of happiness and the state of Wisconsin. Ain't it so, Katie?

Yours by Moonlight,
E. C. HALE.

# Tom Mix Is Shown on Glendale Screen In Clever Picture

You have seen good mixers, but Tom Mix is ever welcome at the Glendale Theatre, where he is appearing in his latest production, "The Big Town Round Up." It abounds with nerve-tingling adventure and wholesome humor, the story being by William McLeod Raine. A rattlesnake loses its head during the action which makes one gasp, while the romance of the lusty young ranchman and a society belle he met by chance gives the photoplay a flavor of the wild west that is quite pleasing.

This great western film will be seen today in conjunction with the great Harold Lloyd scream, "I Do." If Harold should sing, "They Go Wild, Simply Wild Over Me," he would only be telling the truth. For Glendale likes his clean humor on the silver bead screen.

# EVERYTHING IS NEW AT COUNTY FAIR, SAN FERNANDO

## Grounds, Buildings and Also Arena Being Built for Exposition Sept. 19-24

Mrs. Ella Richardson, general chairman of the women's department of the San Fernando Valley fair, states that the time is drawing to a close for those wishing to enter exhibits for the fair and that this should be done at once. Entrance blanks must be in by September 12 and should not be mailed later than Saturday, September 10. For the convenience of the public Mrs. Richardson will be stationed at the Glendale Groceteria, 116 North Brand boulevard, every afternoon this week from 3 until 5 o'clock, including Saturday, to receive signatures.

It is hoped that the usual civic pride of the people of Glendale will place them foremost in the line of exhibitors. Those wishing to phone chairmen of departments can do so by calling the following:

Child Welfare — Dr. Caroline Payne Jackman, Glendale 655-J.

Culinary—Mrs. A. H. Montgomery, Glendale 2126-W.

Needlework—Miss Eva Daniels, Glendale 911-M.

Art—Miss Alice Frank, Glendale 747.

Plants and Flowers—Mrs. C. W. Houston, Glendale 457-W.

**Awards to Be Made**

Clubs receiving the greatest number of points for exhibits in percentage to the number of members will be awarded a loving cup or banner.

A wonderful new fair grounds, with new buildings, new stock sheds, new individual box stalls for the horses—everything clean and sanitary and with a new mammoth arena especially constructed at an expense of $10,000 will open its gates to the public September 19 to 24 at San Fernando. These new grounds will be the scene of the first Los Angeles county fair held in twenty years, and it will be a new-fashioned regular "old county fair."

Construction work is completed on the arena that will house the $1,000 a night society horse show. During the six days of the fair, the huge arena will be the scene of the stock parades and the adult and junior stock judging contests. When the decorations and lighting effects are added, the arena will afford a gorgeous setting for the day and night attractions.

The Los Angeles county fair has absorbed the Los Angeles county live-stock show and the Los Angeles poultry show and it has taken the foremost place in the annual circuit of fairs held in southern California.

**Tractor Demonstration**

One of the new-fashioned features of the fair—the tractor demonstration and power farm exhibition—will include the demonstration of at least four new models of tractors that have never before been seen on any demonstration field, each of which will be placed on the market this fall. They are the Model "F" Cletrac, the 4 Drive Wizard, the Tioga and the Gladiator.

Equally interesting to many persons will be the mule-drawn plow demonstration that will be put on by the Southern California Horse and Mule association. This association has agreed to furnish an eight-mule team to demonstrate what has been accomplished in the breeding of high grade mules and also their effectiveness in agricultural work.

While the $1,000 a night horse show and the southern California livestock show will be the two premier events of the big county fair, the power farming machinery department, the tractor demonstration, the national poultry show for California for 1921, and the agricultural and industrial departments are all organized on a tremendous basis and will be a credit to the county, it is declared.

# J. Maxcy Pace Buys F. L. Ferry's Home, Mrs. Tight Reports

Hearing of the advantages offered by the Glendale schools, J. Maxcy Pace, a prominent builder and contractor of Laredo, Tex., has purchased the nine-room house and acre of ground owned by F. L. Perry of 446 Patterson avenue through the agency of Mrs. M. L. Tight, 612 East Broadway, who reports more than $30,000 realty transactions during last ten days.

Mr. Pace is said to have been instrumental in the building up of Laredo's residential section and he will transfer his interests to Glendale. With Mrs. Pace he has returned to Laredo to close out his interests there. The property which he bought boasts of every known variety of fruits, nuts and berries.

The seven-room house and half acre of ground belonging to J. H. Searles of 416 Pioneer drive has been purchased by A. F. Stowe, a resident of Glendale, and the nine-room house at 1002 East Harvard street was sold by Mrs. Tight for Mr. Millhall of Santa Paula to Victor Thompson, who has recently arrived with his family from Florida.

# Palace Grand Film, 'The Whistle,' Offers Hart Toiler's Role

Does "The Whistle" mean anything to you? If so you will realize that realism and symbolism are happily combined in the meaning of "The Whistle" the title of William S. Hart's latest production for Paramount, which comes to the Palace Grand Theatre for three days beginning today.

The whistle awakens untold thousands of workers each morning to their day of toil. To "jump to the sound of the whistle" is the creed of the men who labor with their hands.

Mr. Hart provides an admirable portrayal of one of these toilers, and his son is another. But his mercenary employer indirectly causes the death of the latter by refusing to protect the open shafting in the mill with safety devices. This turns Robert Evans (Mr. Hart) into a vengeful man, a man of iron, who thinks only of his great loss. Desolate, he strives to take the work of Providence into his own hands, but in the end realizes the impotence of his course. The finale is a happy one, and the drama proceeds to a wonderfully effective conclusion.

"Miracles of the Jungle," another big feature; "Money Talks," a comedy, and the Paramount Magazine complete the big bill for the week end, marking the conclusion of a successful Paramount week for Manager N. J. Fleming of the popular T. D. & L. playhouse.

## SOCIALISTS IN CAMPAIGN

WASHINGTON, Sept. 8.—Mobilization of radicals of all shades of opinion into an effective political unit is the aim of the American Socialist party, it was revealed here today. A nation wide campaign is now being conducted by the Socialist national executive committee. The first step is a survey of radical opinion on the plan. Letters have gone from Socialist headquarters to every radical and so-called progressive organization of men and women in the country. These letters outline the plan and request the various organizations to state by December 15 whether they are willing to co-operate. The British Labor party is the model on which the Socialists would base their great American radical movement. The central idea of the plan is that radicals shall combine instead of separating their voting strength. The strongest radical group in any community would nominate the radical candidate for any given office. All the other radical groups would be expected to support this candidate. At present each radical group nominates its own candidates, many of them from president down. The adherents of each radical group vote for their own particular nominees. The result is a division of the total radical vote into a large number of comparatively ineffective units.

## TWO ACCUSED SURRENDER

CHICAGO, Sept. 8.—Fred Smith, superintendent, and Charles Deboer, an instructor at the Chicago parental school, charged with being accessories to the death of Orville Vardeman, 14, an inmate of the institution, surrendered to the police. Each furnished $10,000 bond. Young Vardeman died, relatives claim, from injuries received in a beating alleged to have been administered as a punishment for the lad's running away from the school, an institution for truant children.

## SEEK FREIGHT REDUCTIONS

DENVER, Sept. 8.— Governors of western states are ready to co-operate with Governor Shoup of Colorado in his effort to effect repeal of the 35 per cent freight rate increase put into effect a year ago. Governor Shoup sent out a letter to executives of sixteen western states asking their co-operation.

Governors Carey of Wyoming, Allen of Kansas, McMaster of South Dakota, Mabey of Utah and Boyle of Nevada all have signified their willingness to join in the movement, according to advices here today.

# MEMBERSHIP DRIVE FOR C. OF C. IS UNDER WAY

## Committees Given Talk Upon Salesmanship and Start Out With Enthusiasm

(Continued From Page 1)

tion of the city in charge, made a booster talk and told of the great good accomplished by the Los Angeles Chamber of Commerce in putting that city forward.

**Prepares in Advance**

Dr. Jessie A. Russell, chairman of the committee having the northeast section, has thoroughly organized her committee. She called a meeting before the dinner last night and all members responded except two, who were unavoidably detained. The details of the committee's work were outlined and Dr. Russell last night reported ready for immediate action in the drive.

Dr. Albert Vack, member of the southeast section, spoke last night of the importance of securing memberships wherever possible and it was decided that territory would be "invaded."

S. L. Roland, experienced in salesmanship through his connection with the Southern California-Metropolitan Loan association, complimented Mr. Sanders on his salesmanship talk and made several suggestions of his own for the benefit of the committees.

It was decided that daily reports shall be made by the heads of the committees and when help is needed the Chamber of Commerce will send out assistances to the workers in the field.

**Challenge Is Issued**

Mrs. Ella Richardson, chairman of the committee for the northwest section of Glendale in the membership drive, and Mrs. Margaret I. Biggs, chairman of the southeast section, through The Glendale Evening News, challenge Dr. Jessie Russell, chairman of the northeast section, and Edward B. Ellias, chairman of the southwest section, to a race for the greatest number of new members. Mrs. Richardson suggests that the losing side furnish a picnic dinner for the winners at the close of the drive.

One of the chief objects of the drive, according to Mrs. Richardson, is to extend a welcome to the newcomers in the city. Accordingly, she will throw open her home at 317 North Brand boulevard, from 7 to 10 o'clock every night during the drive for an informal meeting of an impromptu "get-acquainted" society. The members of her committee will meet there every night and will bring with them both newcomers and "old-timers" who wish to broaden their acquaintance with the people who live in that part of town. Anyone and everyone interested in the drive is urged to attend these gatherings, as it is an attempt to make things pleasant for the "stranger within our gates."

For information regarding the drive Mrs. Richardson can be reached at Crofton's shoe store any evening this week from 3 to 6 o'clock as she will be stationed there to register people for the San Fernando Valley fair.

## VALUABLE PAPERS LOST

SACRAMENTO, Sept. 8.—Authorities of two counties today were enlisted in a search for negotiable securities worth between $30,000 and $40,000, which were lost by D. H. Seinn, while a passenger on an auto stage between here and Lodi. Seinn has no idea as to how the papers were taken.

## Watching Scoreboard

New Yorkers take off their hats to Babe Ruth. When he hit his fifty-second homer in the second game with the Boston Red Sox yesterday, the game had to be called for five minutes while the umpires and ground keepers collected a swarm of straw "kellies" that were tossed out of the stands. More than fifty hats were carried to the New York dugout.

Permanent headquarters for the Chicago Cubs training camp has been established on Catalina Island, President William Veeck announced today. Veeck said he will go to the island immediately after the close of the present season to build an up-to-date ball park. He will be accompanied by Bill Killefer, manager of the Cubs.

## DR. HUNTER STILL LEADS

DEL MONTE, Calif., Sept. 8.—Dr. Paul Hunter, Pasadena golfer, today maintained his leadership in the state golf title play in progress here. He defeated Dr. Charles Walter on the nineteenth hole in a sensational match yesterday. A surprise of yesterday's play was the elimination of Jack Nevilie by Johnny McHugh.

## CARD PARTY AND DANCE

Mrs. John H. Touhey of 414 East Lomita avenue will entertain Saturday night with a card party and dance, the proceeds to be used to help finance the fair planned to raise funds for the Holy Family church building fund. Mrs. Touhey will be assisted by Mrs. Thomas Finn, Mrs. M. Vogel, Miss Dorothea Vogel, Mrs. George A. Blanchet, Mrs. Frank Patch, and Miss Susan Wendell. Prizes will be awarded the highest scores in the games of five hundred and whist, and music will be provided for dancing, and refreshments served at the close of the evening.

## IRELAND DISPLAYS RELIEF

DUBLIN, Sept. 8.—A wave of relief has swept over Ireland, following reports that the British cabinet's note does not summarily break off negotiations nor take the form of an ultimatum. It was felt here today that through conversations between Sinn Fein plenipotentiaries and the committee appointed by the British cabinet a peaceful settlement would yet be reached.

## AID TO TUESDAY CLUB

"In a Persian Garden," which is to be produced under the direction of William G. Stewart, former manager of the California Opera company on September 17 at beautiful Verdugo Woodlands, is taken from the Rubyat of Omar Khayyam, and is a song cycle for four solo voices, with ensemble music, orchestra and dance numbers. The leading roles will be sung by Madame Cavalieri, soprano; Mrs. Charles A. Parker, contralto; Ray Gordon, tenor; George Walker, bass. The performance is to be under the auspices of the music section of the Tuesday Afternoon club and will be given to raise funds towards the building of a clubhouse. This is to be the biggest social event ever given in Glendale, as many Los Angeles society folk, through Mrs. F. P. Newport, have signified their intention of being present, as it is the first performance since the New York production.

## DEPARTS FOR ST. LOUIS

Miss Louise Maier of St. Louis, who has been spending the summer at the home of Mr. and Mrs. Wm. J. Eckles, 1221 North Winchester, left Tuesday for home in the eastern city.

## In Southern California

**Pacific Fleet in Harbor**

Declared to be the biggest single unit of the fighting forces under any flag, the Pacific fleet, greater than ever, sails into Los Angeles harbor this afternoon. Admiral E. W. Eberle is in command of nine first line battleships, the usual coterie of destroyers, and supply ships. Nearly three miles of anchorage is required by the armada.

**Chinese Kills Man and Self**

Lim Foon, a Chinese cook at the home of Mrs. Clayton Garvey in Pasadena, shot and killed George B. Ingalis, the family chauffeur, and then took his own life. It is believed by those who knew the slayer-suicide that he was under the influence of a drug when he lost his mental balance.

**Bind Women, Steal Jewels**

Diamond thieves bound and gagged Mrs. E. Sanguinette and her mother of 948 South Gramercy Place, Los Angeles, last night, and escaped with $10,000 in gems. The two robbers gained entrance to the house by posing as special delivery messengers from the postoffice. They carried ropes and guns in pouches.

**Cotton Growers Are Happy**

Growers of cotton in southern California, as well as bankers who have aided in saving the state great losses, heralded the rise in the market yesterday as a boon for the industry. Imperial valley growers expect to sell their holdover stock at a reasonable margin of profit as the supply is practically exhausted, it is said. Maybe Herbert Hoover was right when he bought a great ranch in Kern county the first of the year and stated that cotton would be at a peak price by 1922.

## REDUCE COTTON ACREAGE

WASHINGTON, Sept. 8.—Discouraged by low prices and inability to market their crops to advantage, cotton growers have reduced planting by almost fifty per cent, figures issued by the department of agriculture showed. The 1921 cotton crop was estimated at 7,037,000 bales, while production last year totaled 13,439,603 bales. The condition of the crop on August 25 was 49.3 per cent of normal, as compared with 64.7 on July 25 and 67.5 per cent on August 25, 1920. The condition report forecasts a yield per acre of about 127 pounds.

## WIFE TOO LOVING, CLAIM

LOS ANGELES, Sept. 8. — Roger E. Nauman, electricial employed by a local motion picture company, wants a divorce because his wife, Grace Nauman, "keeps him awake nights with too much love-making," according to a complaint he has on file. The complaint also charges that Mrs. Nauman neglected their 3-year-old daughter, and that she frequently stayed out late at night, attending dances with other men.

## DELAYS LEGISLATIVE MEET

SACRAMENTO, Sept. 7. — There is little likelihood of a session of the California legislature before 1922. State Senator E. S. Rigdon of San Luis Obispo who is here from Washington, D. C., told Governor Stephens congress will not act on reappointment, according to the last census until late in December, so California's legislature membership reapportionment will be held in abeyance until congress acts.

## BIG BOOTLEGGER ROUNDUP

NEW YORK, Sept. 8.—Federal and state prohibition enforcement agents throughout the country are planning a bootlegger roundup, it was learned today. The fall offensive against liquor—the supreme effort to make America dry—probably will be launched in every big city simultaneously. Information of which nation wide raids will be made is being gathered in all parts of the United States, it was learned.

# BURBANK BUILDING NEAR $100,000 IN AUGUST

## Year Total There $713,828; San Fernando Observes Its Tenth Birthday

Building operations in Burbank took another spurt during the month of August with a total that came within several hundred dollars of going over the $100,000 mark. Forty permits were issued by the building department, totaling $99,835. The total for the year there now stands at $713,828, making a monthly average for the year of $89,228.50.

### City Ten Years Old

Wednesday, August 31, marked the tenth anniversary of the incorporation of San Fernando as a city and ten years ago the election was held which by a majority of 8 votes elected the first city council of San Fernando. Of the first ticket elected City Clerk H. C. Caldwell is the only one still in his original office, though several of the original board have served until recent years. During all ten years Mr. Caldwell has the distinction of never having missed a trustees' meeting except during one year's war service.

### Loan Association Organizes

The Burbank Building and Loan association was formally organized last week by the election of the following officers and board of directors: A. Sence, president; R. O. Church, vice-president; J. J. King, secretary; C. W. Anderson, F. F. Scribner, J. C. Crawford and Orville Myers.

### Roscoe Man Wins Trip

In a salesman's contest which involved the entire United States, A. T. Tarbell of Roscoe won out over all other competitors; the prize being a round trip ticket and two weeks' leave of absence, to Cleveland, Ohio; the home of the American Multigraph, of which he is a salesman.

### P. O. Jobs at Burbank

Mrs. Effie Lawrence, Burbank postmaster, announces that the examinations for postal clerks and carriers will be held in Burbank on September 24, and that application blanks for those who wish to take the examination can be had by applying to the Burbank postoffice.

### Lectures on Poultry

Two lectures on poultry feeding and mash mixing will be given by J. E. Daugherty, head of the poultry division of the University of California, before the poultrymen of the Van Nuys colony on Tuesday, September 13, in the auditorium of the Van Nuys high school. One lecture will be given at 2 p. m. and the other at 8 p. m.

### They Will See Waikiki

Miss Helen Morgan, who has been with the American Beet Sugar company at Van Nuys for the last year, and Miss Dulcie Stewart will leave in a few weeks for Honolulu, H. I., where they have secured positions. They will sail from San Francisco September 21.

### Lankershim Wins Pennant

The San Fernando Valley baseball league closed its season last week. Lankershim won the pennant, with San Fernando one-half game behind. There is talk of organizing a winter league, comprising Lankershim, Van Nuys, San Fernando, Owensmouth, Burbank and Glendale.

### High School Bonds Sold

Announcement was made last week that the California Bonding company of Los Angeles had purchased the Burbank high school bonds. John Radcliffe, president of the school board, consummated the deal. This assures the early completion of the school building that Burbank has needed so long and which her increased population is demanding by virtue of a 72 per cent increase in school children.

### Another Business Block

Peter Farley & Son have the contract to erect a two-story brick store and office building at San Fernando Road and Orange Grove avenue for Dr. E. H. Thompson of Burbank.

### Spur Track Is Sought

The Southern Pacific company requested permission of the railroad commission today to place a spur track at grade across Laurel avenue in the vicinity of Burbank, Los Angeles county.

## LEAVE FOR THEIR HOME

Mr. and Mrs. T. A. Houdyshel and little daughter, Viola, of Montague, who have been visiting at the home of their parents, Mr. and Mrs. S. Houdyshel of 308 North Orange street, for the past three weeks, left Tuesday for their home. One of the most pleasant outings they enjoyed during their stay was the Rice county picnic, held at Long Beach on Labor Day. Over 150 people from Lyons, Kansas, their old home, attended and they met innumerable old neighbors and friends.

## Window Displays of Local Business Men Attract Much Notice

Seventeen cups to be awarded in the poultry department of the San Fernando Valley Fair and Market were on display in the A. E. Dodds jewelry store window, 106 East Broadway. These valuable prizes are coveted by the raisers of prize stock and quite a number of entries from Glendale are reported.

Another window display of unusual interest this week is found in the F. A. Clarke Electric company store window at 310 East Broadway. Six ducks are wandering around to their enjoyment and the divertisement of passersby.

The Walker Jewelry store at 116 East Broadway has a magnetic seesaw that makes the children wonder as the baby dolls bounce back and forth.

Visitors state that Glendale has the most attractive window displays of any city of its size which indicates the merchants are enterprising. There is hardly a dull moment these days in the business district and Glendale is a muchly alive town, according to those who are visiting here.

## LABOR DAY AT TUJUNGA

Mrs. W. H. Dow and son Gerald of 1223 East Lexington Drive spent Labor Day at Tujunga, visiting at the beautiful summer home of Mr. and Mrs. J. T. Fitzgerald of Los Angeles. While there the party spent some time at the Moon Festival and returned late in the evening.

## AWAIT MINERS' ASSAULT

ROSICLARE, Ills., Sept. 8.—Every man and woman in this mining town of 2,000 was armed today, awaiting the attack of miners encamped nearby, reported planned for today. The armed guards were under command of Walter Howard, town marshal. Howard declared he did not believe the miners would actually launch their attack, but said he was preparing to meet any attempt to storm the town. Howard said there had not been a clash between striking miners and guards or deputies for two weeks. He denied reports of a clash in which deputies claimed to have taken four prisoners.

Telephone wires which were cut were replaced today and Rosiclare was again able to communicate with the outside world, giving the residents more of a feeling of security. They knew they could send out appeals for assistance in case the striking miners should attack.

## ONE KILLED, SEVERAL HURT

ATLANTA, Ga., Sept. 8.—State military protection for trains and workers on the Atlanta, Birmingham & Atlantic railway was to be asked by officials of the road today, following a wreck near here last night in which one man was killed, several injured and considerable property damage done. Engineer John T. Morris, in charge of the train, was killed instantly as the locomotive left the track and turned completely over. Those injured were negroes. Dynamite caused the wreck, according to trainmen.

## 'SALESMAN' FROM PANAMA

When Mrs. F. W. Plank came to Glendale to visit at the home of Mr. and Mrs. E. A. Aamoth, 425 West Salem street, she brought with her a salesman for the Pollock & Aamoth realty office. It is a parrot that implores visitors to buy a house in Glendale. This Panamanian lives on sunflower seeds and is having the time of its young life talking real estate.

# LUNCHEON HELD BY ART COMMITTEE, VALLEY'S FAIR

## G. D. Mason Home at Verdugo Woodlands Is Scene of Social Gathering

A group of women forming the art committee for the San Fernando Valley fair gathered at the home of Mr. and Mrs. G. D. Mason at Verdugo Woodlands and served a "community luncheon" Wednesday, each member bringing her favorite dish and the food being served informally out of doors.

Mr. and Mrs. Robert Russell of the "Old Adobe" were host and hostess for the affair and Mrs. Ella Richardson, general chairman for Glendale and chairman of the art committee, presided.

The others present included Mrs. Ralph Meeker, Mrs. Evelyn Labadie, Mrs. Phillips, Mrs. C. W. Houston, chairman of Plant and Flower committee; Mrs. Colin Cable, Mrs. A. H. Montgomery and Mrs. Burt Woodard, all members of the Culinary committee; Miss Eva Daniels, chairman of Needlework committee; Miss Virginia Woodard and Miss Esta Phillipi all of Glendale; Mr. and Mrs. Mason of Verdugo Woodlands; Mrs. Mollie Bateman and Mrs. Ada Fulcher of Lankershim, and Mrs. Miller.

### Painting Inspected

The gathering was not a business meeting, but purely a social affair.

The women greatly enjoyed a pleasant stroll about the beautiful grounds of the Mason home and following the luncheon drove to the "Old Adobe" and spent an hour viewing the paintings of Wm. J. McCloskey on exhibition there. A number of these paintings are to be shown at the San Fernando Valley fair.

Mrs. Richardson, chairman of the art committee, states that her committee has found several hundred splendid paintings and pictures in Glendale and its vicinity that have already been listed for exhibition at the fair. Mrs. Richardson and her committee visited the Frank studio, the Phillips studio and the homes of Wm. J. McCloskey and John Cotton and report that the art exhibit will be far above the expectations of those who are interested in the fair.

Big businesses and financiers are putting up buildings as fast as materials can be delivered to them. More commercial buildings and factories are under construction today than ever before.

Those who reason and study conditions know now is the time to build.

Does the fact that these men are spending billions of dollars for new buildings at this time mean anything to you, Mr. Home Builder? We believe it does, and our recommendation is that you select from our Photographic Plan Service the home you will want to build and arrange to have it built at the earliest possible time while materials are available.

You can't make money by waiting—now is the time to build.

# GIRL SCOUTS LEAVE FOR OUTING AT CAMP BALDY

### Glendale Troop to Get Lots of Training Next Few Days In Mountains

"Pack up your dinner in your brown knapsack
And hike, hike, hike!"

That is the song the girls of Glendale Troop No. 1, Girl Scouts of America, were singing when they left early yesterday morning for their annual outing. This year the troop was on its way to Camp Baldy, where they pitched their camp in a group of tents along the banks of the stream and "rough it" for a few days. A truck conveyed them as far as the toll gate and then they hiked the six miles up the trail, carrying their provisions with them.

Under the direction of Miss Gladys Sharpe, the captain, the official Girl Scout banner was raised beside the stars and stripes, both flags being the handwork of the troop, and the daily program will include inspection, drill and signal practice.

**Divided Into Squads**

The daylight hours will be divided between hikes to various points of interest and in working of various nature tests which must be passed before the "tenderfoot" can be considered a "good scout." At night they will gather around the campfire and sing.

The twenty-four girls who left for the mountains will be divided into squads that will take turns doing the camp work, including building the fires, "rustling" the wood and cooking, as every scout is supposed to know how to do all these things intelligently.

Lucille Allen, the troop treasurer, Mary Stanley, the secretary, and the four patrol leaders, Margaret Longley, Cecil Chase, Evelyn Traver and Winifred Parker, will have charge of the activities and a healthy, happy time is anticipated. As this will be the first real mountain hike some of the younger girls have attempted they are looking forward to it with much expectation and are planning to do their best to "make good" as scouts.

## 'INSULTED ME, KILLED HIM'

ALAMEDA, Sept. 8.—"He insulted me, and of course I killed him." This was the explanation Mrs. J. R. D'Agnastini, who shot and killed Arnold Postel in front of the latter's apartment hotel building here. Mrs. Postel was upstairs in an apartment at the time and heard the shot fired. Mrs. D'Agnostini declared that Postel had seized her and tried to kiss her. Postel had been acting as her business agent.

Mrs. D'Agnostini is less than five feet tall, and is what is termed a "Spanish beauty." In 1916 she shot and killed her husband. She was arrested but later released because neighbors testified that her husband beat her frequently. The district attorney asked that she be released because he could not hope to obtain a conviction.

## VETERANS MAY GET AID

## Flood of Spurious Cash and Currency Reported on Coast

SAN FRANCISCO, Sept. 8.—Count your change, turn over your bills and ring your silver money on the counters.

This warning is being circulated over the country in the wake of a quantity of spurious cash and currency of all descriptions.

One of the simplest and most frequent forms of counterfeit in bills is the process of splitting, it is said. A $5 bill split in half will make two if pasted on the backs of a one treated in the same manner. In the same way bills of higher denominations are altered.

Silver is changed in any number of ways, that are as easily detected but a little care in most instances will prevent deception and will drop a lot of worthless medium from circulation, it is stated.

## PICTURE INTERESTS AGREE

CHICAGO, Sept. 8.—A $50,000,000 agreement among moving picture interests, which leaders said, would stabilize the cinema industry and mean better pictures, was announced here. The agreement provides for amagimation for a period of three years controlling many stars of the Associated Producers' corporation and the Associated First National Pictures corporation, controlling 3,500 movie theatres in United States and Canada. Announcement of the agreement was made by Thomas H. Ince and Mack Sennett, representing the producers, and Oscar Price, representing the First National.

## RUSH TO NEW GOLD CAMP

DURANGO, Colo., Sept. 8. — A rush has started to a new gold camp west of here, near the Utah line. Reports of the discovery of rich ore have caused nearly 100 locations to be made within the last 24 hours. A group of Pittsburg, Pa., capitalists are reported interested in the new field.
